Dear Dimitri & Team

We want you to know how thrilled we are with the wonderful parquet flooring you provided & installed in our lounge.

The quality of the oak is excellent and your professionalism from start to finish was beyond reproach - Exquisite Woods is very aptly named - that is exactly what it is - Exquisite!

We had expected to be wiping away dust for days after you left, but we can honestly say there was none. The room was left in pristine condition - all we had to do was put the furniture back!

Thank you so much - we will (and already have) no hesitation in recommending your company.

Best wishes.

Mari & Terry Cain
