Dear Dimitri

Please accept this short note to thank you for our new wood floor that you supplied and fitted. We are delighted with the floor which is exactly as you predicted and complements and enhances our ground floor living area. The floor is almost a work of art that we will enjoy for many years.

We also thank you and your fellow fitters for your professionalism and courtesy during the fitting. We were very pleased to find a company that was helpful initially and subsequently turned up on time and undertook the work with minimum disruption.

Many thanks to you and your company. I will not hesitate to recommend you to my friends and family.

Regards
Dr Keith Rogers.
