Dear Dimitri,

Thank you for the excellent work you have undertaken in restoring our lounge & dining room floor. The reclaimed oak parquette looks as though it is original & the meticulous work in laying it is to be commended. I was worried about the sanding to bring the original floor back to life but there was no dust around the house! We were also impressed by your professionalism and knowledge of woods.

The finished result is stunning & we would not hesitate in recommending your team in Exquisite Wood to anyone contemplating a wooden floor or restoration.

Many thanks

Stephen & Elizabeth Durant
